

Heat Prostration  
Heart Failure

are very rarely feared by those who keep their system in perfect condition. This is easily done by using a medicine Duffy's Pure Malt Whiskey.

Heart Trouble

Mr. Fred Bennett, of West Carthage, N. Y., writes: "I thought I would write and give you my opinion of Duffy's Pure Malt Whiskey. I have used liquor for the past 50 years, but not to excess. When in the English army, during the Crimean War, we were allowed three gills per day, and I knew it was the means of saving thousands of men's lives during the winter of 1854-5. I came to this country in 1857 and went to work on a farm until 1863. Up till this time I had never seen a sick day, but after serving through the War of the Rebellion I had not been free from heart trouble.

"I have had a great many different doctors, but all to no purpose. Then I commenced using the different brands of whiskey, from which I received little or no benefit. When I read of your Duffy's Pure Malt Whiskey I commenced using it, about ten years ago. I don't have any more heart trouble, and for a man 70 years old I feel quite active."

Duffy's Pure Malt Whiskey has no equal as a tonic-stimulant and builder of new blood and tissue. It tones up the heart's action, soothes the nerves and keeps the body healthy and strong. It is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, producing a liquid food requiring no digestion in the form of a pharmaceutical whiskey, which is one of the most effective tonic stimulants and invigorators known to science; its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If weak and run down, take a teaspoonful four times a day in half a glass of milk or water. Duffy's Pure Malt Whiskey is sold everywhere by druggists, grocers and dealers, or shipped on order for \$1.00 a bottle.

Our Consulting Physician will send to every reader of the Times-Dispatch advice and an interesting illustrated medical booklet free of charge. The Duffy Malt Whiskey Company, Rochester, N. Y.

KOINER REDUCES  
BROWN'S MAJORITY

(Continued from Page One—Column 5)

Teated Captain Stephen P. Read in the primary after a hard battle.

Major Lowry Probably Beaten.

When the latest returns from Bedford were received yesterday morning by The Times-Dispatch, it seemed highly probable that Major H. C. Lowry and Captain Thomas S. West had won out in that county for the House with comparative ease, but fuller information, received last night, indicates that Major Lowry, who is a veteran legislator and who has served in both branches of the General Assembly, is probably defeated by R. G. Turpin. Major Lowry and Captain West are the incumbents, and Mr. Turpin served a number of terms in the House several years ago. Though the contest between Major Lowry and Mr. Turpin still hinges upon the results at one small precinct, the latter is one vote in the lead, which renders the situation extremely doubtful.

After an absence of two years, Thomas H. Lion, one of the most popular of the younger members of the House, comes back without opposition. Lion was defeated at the last election by Tyson Janney, a prominent young merchant, who did not stand for reelection this year. Lion is a popular man, and his friends throughout the State will welcome his return to the House.

Judge Alden Bell, of Culpeper, will occupy a strong position in the next House, it being said that he is in line for a prominent committee chairmanship.

Is a Political Veteran.

Alden Bell is a man who has behind him a most enviable record as a faithful worker and officer in the ranks of the Democratic party. Born in Culpeper county, he removed with his parents to Texas when he was quite a youth. Mr. Bell graduated in law in the Lone Star State, and it was not long before he was sent to the lower House of the General Assembly by the people of his county. In 1892, having already served a term as county judge, in addition to his legislative honors, he was placed on the ticket as a Democratic elector for the State at large, his running-mate having been United States Senator Joseph W. Bailey.

Judge Bell is an orator of striking ability, and he and Senator Bailey canvassed the great Southwestern empire together in the interest of Cleveland and Stevenson, who were triumphantly elected.

Some years ago Judge Bell returned to his native beach, and was shortly thereafter elected Mayor of the town of Culpeper. Two years ago he was chosen to the House of Delegates over a strong competitor, who was the incumbent, and in Thursday's primary he was re-nominated over Colonel William C. Waite, a member of the Governor's staff, carrying every precinct in the county.

CONVENTION HAS A SPICY SESSION

Hamilton Refuses Nomination When His Pet Resolution Fails.

[Special to The Times-Dispatch.] LEXINGTON, VA., August 7.—The Republicans of Buena Vista and Rockbridge county, in convention here today, nominated John M. Quisenberry, of Lexington, for the House of Delegates. J. Lucian Hamilton was nominated at first and accepted, but later withdrew his name because the convention refused to adopt a resolution offered by Delegate Deacon. The burden of the resolution was that the Republicans of this county feel capable of conducting local party affairs without gratuitous advice and dictation of self-appointed bosses in another county. Mr. Hamilton supported this, and after it failed to go through he said he could not see how any self-respecting Republican could vote against it. His refusal to make the run followed.

The convention was spicy and showed much internal dissension in the Republican ranks. The Buena Vista delegates refused to vote on the Deacon resolution. Some of the delegates wanted the names of the outsiders referred to, but they were not mentioned during the convention proceedings. Considerable comment was caused by the resolution. On the streets it developed that the "self-appointed bosses" referred to in the resolution are United States Marshal S. Brown Allen and Postmaster R. A. Fulwiler, both of Staunton.

WILL PREVENT STRIKE

Developments Point to Amicable Adjustment of Trouble in Chicago.

CHICAGO, August 7.—Every positive development in the street railway controversy has tended to-day toward an amicable settlement of the differences existing between the companies and their employees.

President Milton of the Chicago City Company, paved the way for friendly agreements all along the line when he offered the employees of the Calumet and South Chicago subway substantial increases in wages. Immediately after this matter was settled Mr. Milton went into conference with officials of the Southside Union. The discussion lasted several hours. Further action was postponed until Monday, when the railway officials and the union leaders will meet again.

SENATOR DANIEL IS ORATOR AT FISHER'S HILL REUNION.

[Special to The Times-Dispatch.] WOODSTOCK, VA., August 7.—The annual Confederate reunion was held at Fisher's Hill to-day, with about 8,000 persons in attendance. United States Senator Daniel was orator of the day.

Speeches were also made by R. Gray Williams, of Winchester; C. E. Meyers, of Lockhaven, Pa.; and Dr. Wilson, medical examiner of the Pension Bureau, of Washington. Dr. Wilson and Mr. Meyers are members of G. A. R. and are the first G. A. R. veterans to make addresses at Confederate reunions in the Valley.

SHOOT'S WIFE IN SCUFFLE WITH SON

[Special to The Times-Dispatch.] BOWLING GREEN, VA., August 7.—George Tyler Richardson, who lives near Port Royal, shot his wife yesterday evening with a shotgun, inflicting a very dangerous wound, the lead entering the side.

It appears that Richardson and his son, George, had partaken rather too freely of whiskey, and for some reason had a falling out. George flourished a razor at his father and made for him, when Mandy Richardson, his mother, went to the rescue of her husband and succeeded in taking the razor from him.

The husband got down his gun and made for the son, and the mother attempted to protect him. The gun went off, dangerously wounding the woman. Both father and son were arrested and tried before Justice John D. Farish and sent here to await the action of the grand jury.

A \$25,000,000 FARMER

Sears Once Telegraph Operator, Then Merchant, Now Wheat Grower.

CHICAGO, Ill., August 7.—Richard W. Sears, who has retired from business with \$25,000,000, made in seventeen years, took charge of the threshing in his farm at Gray's Lake, yesterday. At 5 P. M. the man whose financial career would have been meteoric had it not been for his quiet way of doing things, was out in the fields supervising the work that the twenty men who came an hour later were to accomplish before sundown.

Wearers of a wide-brimmed straw hat, as if he were accustomed to them, Sears surveyed his model farm as if it were the only interest he had in life. He refused to turn from it and look backward over the seventeen years that have elapsed since he left his post as telegraph operator in Redwood Falls, Minn., to start the mail order business that has grown into the greatest in the world.

"Farmer" Sears, who has announced that he intends to devote the rest of his life to his family and his farm, is only forty-five years old.

He was a telegraph operator at a wayside station when an Eastern switch manufacturer sent him a watch with the privilege of returning it if he could not sell it. He found that he could not sell it, and he kept it more. So large did the watch trade he established become that he resigned his position and went to Minneapolis.

In two years he came to Chicago and began the business career that ended yesterday with the sale of his stock in Sears, Roebuck & Co. to a New York syndicate.
